| Service Electric Cable T.V. of Hunterdon, Inc., Petition for Cable Television Certificate of Approval in Frenchtown, Hunterdon County, N.J. | BPU Docket No. _____ |
|---|----------------------|

PETITION FOR RENEWAL OF CERTIFICATE OF APPROVAL

Service Electric Cable T.V. of Hunterdon, Inc., (hereinafter "Petitioner") a cable television company of the State of New Jersey, with its principal place of business being located at 2260 Avenue A, Bethlehem, Pennsylvania 18017, says in support of its petition for the Renewal of a Certificate of Approval:

1. Petitioner is a cable television company currently authorized to provide cable television reception service and communication services in six Hunterdon County municipalities and in six Warren County municipalities. One of the Hunterdon County municipalities is the Township of Frenchtown (hereinafter "Municipality," "Borough" or "Frenchtown"), the subject of this petition.
2. Petitioner holds a Certificate of Approval (hereinafter "Certificate") for the operation of a cable television and communications system in Frenchtown, issued by the Board of Public Utilities (hereinafter "Board") on October 28, 2009 in Docket No.CE09050428. That Certificate expires on October 28, 2024.
3. That Certificate incorporated a municipal consent ordinance that had been adopted by the Municipality on or about May 6, 2009 and identified as Ordinance number 662. That Ordinance granted a fifteen-year consent to Petitioner.

4. Petitioner filed its Application for Renewal of Municipal Consent in the Township ("Application for Consent") on October 25, 2023.

5. On February 7, 2024, the Township held a public hearing on the Application for Consent and on March 6, 2024 passed a resolution as follows:

That the Borough of Frenchtown, subject to the negotiation of a mutually acceptable Renewal Municipal Consent Ordinance, consents to renew the cable television franchise held by Service Electric Cable TV of Hunterdon, Inc.

See Attachment 1 hereto.

6. On April 4, 2024, the Frenchtown Borough Attorney sent a draft ordinance to the Office of Cable Television and Telecommunications ("Office") via e-mail "for its review, comment and approval" as required by N.J.A.C. 14:18-11.18. The terms of that draft ordinance would provide Petitioner with a 15-year consent. See Attachment 2 hereto.

7. N.J.A.C. 14:18-11.18 requires the municipality to introduce and proceed on such a cable television consent ordinance only "after approval of the Office."

8. To date, the Office has not issued any "review, comment and approval" of the draft ordinance.

9. Consistent with the requirements of N.J.A.C. § 14:18-11.18, the Borough has not proceeded with introduction or adoption of a consent ordinance, as the Office has not provided its "review, comment and approval".

10. The NJ Statutes (N.J.S.A. § 48:5A-25) provide:

No CATV company whose municipal consent or renewal thereof has expired shall be authorized to continue its operations unless prior to such expiration it has obtained a certificate of approval from the board authorizing such continued operation, *except that such a CATV company which has initiated proceedings to obtain such certification from the board prior to the expiration of the municipal consent may continue its operations pending the final disposition of such proceedings.*

Emphasis added.

11. Petitioner files this petition at this time prior to the October 28, 2024 expiration of its franchise in Frenchtown. The petition is based upon the inaction by the municipality on the ordinance, which in turn appears to be based upon the inaction by the Office on the Borough's draft ordinance. Nevertheless, Petitioner files this petition to initiate proceedings for a Certificate of Approval to protect itself and its customers from any claim of the expiration of its authority to operate pursuant to N.J.S.A. § 48:5A-25.

12. Petitioner desires to work with the Borough and would accept a municipal consent and Certificate of Approval based upon the terms of the draft ordinance submitted by the Borough on April 4, 2024.

13. As required by N.J.A.C. 14:18-12.2, the Petitioner is providing the information required in the standard form issued by the Office, which includes the information required by N.J.A.C. 14:18-11.2. See Attachment 3 hereto. The map attached as appendix to attachment 3 reflects the limited area of the municipality not served, which is subject to the Line Extension Policy. That policy is in appendix C to Attachment 3 and uses 16 homes per mile as reflected in appendix E to attachment 3. Petitioner notes that the map is redacted in the Public Version of this filing.

WHEREFOR, BASED ON THE FOREGOING, PETITIONER REQUESTS THAT THE BOARD ISSUE AN ORDER PROVIDING IT WITH A RENEWAL OF ITS CERTIFICATE OF APPROVAL IN THE BOROUGH OF FRENCHTOWN, HUNTERDON COUNTY, UNDER TERMS CONSISTENT WITH THE DRAFT ORDINANCE SUBMITTED BY THE BOROUGH (ATTACHMENT 2 HERETO).

Respectfully submitted,

RESOLUTION #2024-46

BOROUGH OF FRENCHTOWN

**RESOLUTION OF THE BOROUGH OF FRENCHTOWN, COUNTY OF HUNTERDON,
STATE OF NEW JERSEY, CONSENTING TO THE RENEWAL OF THE
SERVICE ELECTRIC CABLE TV OF HUNTERDON, INC., CABLE
TELEVISION FRANCHISE WITHIN THE BOROUGH**

WHEREAS, Service Electric Cable TV of Hunterdon, Inc. is the holder of a cable television franchise within the Borough of Frenchtown; and

WHEREAS, Service Electric's cable television franchise expires on October 28, 2024; and

WHEREAS, on October 24, 2023, Service Electric filed with the Borough Clerk an Application for a Traditional Municipal Consent Cable Television Franchise; and

WHEREAS, on December 11, 2023, and January 26, 2024, the Borough published in the Courier News a Legal Notice informing the public that the Borough Common Council would hold a public hearing regarding the Application of Service Electric on February 7, 2024; and

WHEREAS, on February 7, 2024, the Borough Common Council held a public hearing during which Service Electric made a public presentation requesting a fifteen (15) year renewal and that the Borough Common Council adopt a Municipal Consent Resolution at that meeting; and

WHEREAS, Service Electric requested during both the public

hearing and in a February 21, 2024 letter that because the Borough had "granted Comcast of Northwest New Jersey, LLC a 15-year consent to operate a CATV system in the Borough, including access to the public rights of way. Thus, in addition to the record of evidence, basic fairness, due process, and equal protection and treatment under the law support, factually and legally, SECTV receiving a 15-year renewal of its CATV consent in the Borough"; and

WHEREAS, the Borough disagrees with Service Electric's position that because Comcast received a 15-year consent for a system-wide franchise, Service Electric is also entitled to a 15-year consent for a traditional franchise; and

WHEREAS, the Borough believes that Service Electric and Comcast are not similarly situated because Service Electric operates under a traditional franchise, with the terms and conditions of the franchise negotiated and memorialized in a Renewal Municipal Consent Ordinance, and Comcast is in the process of applying to the Board of Public Utilities for a system-wide franchise which, if granted, will result in an "overbuild" enhancing competition for cable television and internet service within the Borough; and

WHEREAS, the Borough finds and concludes that Service Electric is not entitled to an automatic 15-year consent because one was granted to Comcast; and

WHEREAS, Service Electric and the Borough have been negotiating a Renewal Municipal Consent Ordinance, but have not reached a mutually acceptable Ordinance; and

WHEREAS, notwithstanding that a mutually acceptable Renewal Municipal Consent Ordinance has not been negotiated, the Borough desires to renew Service Electric's cable television franchise; and

WHEREAS, the Borough reserves the ability to negotiate the Renewal Municipal Consent Ordinance, including the term, and encourages Service Electric to continue to negotiate with the Borough for a Renewal Ordinance.

WHEREAS, NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Common Council of the Borough of Frenchtown, County of Hunterdon, State of New Jersey, as follows:

1. That the Borough of Frenchtown hereby finds and concludes that there is a material difference between a traditional franchise and a system-wide franchise that does not require the cable companies operating under different franchises to be treated the same.
2. That the Borough of Frenchtown, subject to the negotiation of a mutually acceptable Renewal Municipal Consent Ordinance, consents to renew the cable television franchise held by Service Electric Cable TV of Hunterdon, Inc.

3. That the Borough of Frenchtown encourages Service Electric Cable TV of Hunterdon, Inc. to continue to negotiate the terms and conditions of the Renewal Municipal Consent Ordinance.
4. That the Clerk of the Borough of Frenchtown forward a certified copy of this Resolution to Service Electric Cable TV of Hunterdon, Inc. and the Board of Public Utilities, Office of Cable Television.
5. That this Resolution shall take effect immediately.

Dear Ms. Wolf:

This firm represents the Borough of Frenchtown.

Attached is a draft Municipal Consent Ordinance granting Service Electric Cable TV of Hunterdon County, Inc. a fifteen (15) cable franchise renewal.

Service Electric reviewed and commented upon this draft Ordinance and engaged the Borough Common Council in a discussion during the public Council meeting last night, April 3, 2024.

Kindly review the draft Ordinance and provide your written comments or approval.

The current cable franchise expires on October 28, 2024 and the Borough desires to consider the draft Ordinance for adoption before then.

The latest that the Borough may introduce the draft Ordinance before the expiration of the current franchise is September 4, 2024, with the public hearing on October 2, 2024.

The draft Ordinance needs minor formatting changes. These changes will be made in the final draft along with your suggested revisions.

Thank you for your consideration.

**BOROUGH OF FRENCHTOWN
HUNTERDON COUNTY, NEW JERSEY**

ORDINANCE NO.

**AN ORDINANCE OF THE BOROUGH OF FRENCHTOWN, COUNTY OF
HUNTERDON, STATE OF NEW JERSEY GRANTING RENEWAL OF
MUNICIPAL
CONSENT TO SERVICE ELECTRIC CABLE TV OF HUNTERDON,
INC. TO CONSTRUCT, CONNECT, OPERATE AND MAINTAIN
A CABLE TELEVISION AND COMMUNICATIONS SYSTEM
IN THE BOROUGH OF FRENCHTOWN, NEW JERSEY**

BE IT ORDAINED by the Mayor and Borough Council of the Borough of Frenchtown, that Chapter 22 of the Revised General Ordinances of the Borough of Frenchtown titled "Cable Television" is hereby repealed and replaced with a new Chapter 22 also titled "Cable Television", as follows:

SECTION 1. PURPOSE OF THE ORDINANCE

The Borough hereby grants to Service Electric Cable TV of Hunterdon, Inc. ("SECTVH") renewal of its non-exclusive Municipal Consent to place in, upon, across, above, over and under highways, streets, alleys, sidewalks, easements, public ways and public places in the Borough, poles, wires, cables, underground conduits, manholes and other television conductors, fixtures, apparatus and equipment as may be necessary for the construction, operation and maintenance in the Borough of a cable television and communications system.

SECTION 2. DEFINITIONS

For this Ordinance, the following terms, phrases, words, and their derivations shall have the meaning given herein. Such meaning or definition of terms is supplemental to those definitions of the Federal Communications Commission ("FCC") rules and regulations, 47 C.F.R. Subsection 76.1 *et seq.*, and the Cable Communications Policy Act, 47 U.S.C. Section 521 *et seq.*, as amended, and the Cable Television Act, N.J.S.A. 48:5A-1 *et seq.*, and shall in no way be construed to broaden, alter, or conflict with the federal and state definitions:

- a. "Municipality" or "Borough" is the Borough of Frenchtown, County of Hunterdon, State of New Jersey.
- b. "Company" is the grantee of rights under this Ordinance and is known as Service Electric Cable TV of Hunterdon, Inc. ("SECTVH").
- c. "Act" or "Cable Television Act" is Chapter 186 of the General Laws of New Jersey, and subsequent amendments thereto, N.J.S.A. 48:5A-1, *et seq.*
- d. "FCC" is the Federal Communications Commission.

- e. "Board" or "BPU" is the Board of Public Utilities, State of New Jersey.
- f. "Office" or "OCTV" is the Office of Cable Television of the Board.
- g. "Basic Cable Service" means the lowest level of which includes the retransmission of local television broadcast signals as defined by the FCC.

"Application" is SECTVH's Application for Municipal Consent.

- h. "Rate Schedule" means the prices and applicable terms and conditions reflected in the SECTVH Schedule of Prices, Rates, Terms and Conditions filed with the Office of Cable Television pursuant to N.J.S.A. 48:5A-11, which may be revised by the Company from time-to-time during the term of the municipal consent granted herein.

SECTION 3. STATEMENT OF FINDINGS

Public hearings conducted by the Borough, concerning the renewal of Municipal Consent herein granted to the Company were held after proper public notice pursuant to the terms and conditions of the Act and the regulations of the Board adopted pursuant thereto. Said hearings, having been fully open to the public, and the Borough, having received at said public hearings all comments regarding the qualifications of the Company to receive this renewal of Municipal Consent, the Borough hereby finds that the Company possesses the necessary legal, technical, character, financial and other qualifications and that the Company's operating and construction arrangements are adequate and feasible.

SECTION 4. DURATION OF FRANCHISE

A. The non-exclusive Municipal Consent granted herein shall extend for fifteen (15) years from the date of the issuance of a renewal Certificate of Approval by the Board.

B. If there exists a period following the expiration of the Borough's consent Ordinance 622, Frenchtown's Cable Television Ordinance, until such time that a decision is made the Board, the Company shall petition the Board for a Certificate of Approval authorizing continued operation during any such period.

C. In the event that the Municipality shall find that the Company has not substantially complied with the material terms and conditions of this Ordinance with respect to matters under the exclusive control of the Company, the Municipality shall have the right to petition the OCTV, pursuant to N.J.S.A. 48:5A-47, for appropriate action, including modification and/or termination of the Certificate of Approval; provided however, that the Municipality shall first have given the Company written notice of all alleged instances of non-compliance and provide an opportunity to cure noncompliance within ninety (90) days of such notice or such additional period as may be appropriate where the cause of the non-compliance is beyond the reasonable control of the company.

D. Notification of impending transfer. SECTVH shall give the municipality thirty (30) days notice of any impending transfer of the franchise to any other entity, person, or otherwise.

SECTION 5. FRANCHISE FEE

A. Pursuant to the terms and conditions of the Act, the Company shall, during each year of operation under the consent granted herein, pay to the Borough two percent (2%) of the gross revenues from all recurring charges in the nature of subscription fees paid by subscribers for cable television reception service in the Borough or any higher amount permitted by the Act or otherwise allowable by law, whichever is greater.

B. If applicable law hereafter permits a larger franchise fee to be collected, but does not fix the amount thereof, the municipality and SECTVH shall negotiate in good faith with respect to the amount thereof, which amount shall be due and payable from the date that the franchise fee was increased by said law.

SECTION 6. FRANCHISE TERRITORY

The consent granted under this Ordinance to the renewal of the franchise shall apply to the entirety of the Borough and any property subsequently annexed hereto.

SECTION 7. EXTENSION OF SERVICE

A. The Company shall be required to proffer service along any public right-of-way to any person's residence or business located in all areas of the franchise territory as described on the Wiring Map attached hereto as Schedule A, at tariffed rates for standard and non-standard installations. Any additional line extension of the system shall be in accordance with OCTV Line Extension Policy ("LEP"). For purposes of the LEP, the minimum density of homes per mile shall be sixteen (16). To the extent not inconsistent with applicable federal or state law, SECTV installation charges and line extension policy is as set forth in its application.

B. The Company has modified its Application as regards its line drop policy to reflect that the Company shall extend its plant from public rights-of-way to all residences and businesses within three hundred (300) aerial or underground feet of the operator's existing plant, or 16 homes per mile, at no cost beyond the normal installation rate. SECTVH shall also extend its plant after the first three hundred (300) feet of installation to subscribers from public roads at rates listed in the Rate Schedule and subsection C below. SECTVH will also extend its plant along private roads under the same conditions as set forth above. If the density of homes along a private road does not meet the threshold under the Company's line extension policy, the property owner(s) shall share the cost of the line extension. Property owners seeking such extensions shall be responsible for obtaining and providing easements at their own expense to be given to the Company, where necessary to provide such an extension of service.

C. To the extent a nonstandard installation, installation in the public right-of-way or installation along private roads beyond the requirements of the LEP, or extension beyond 300 feet for a line drop to a customer is not addressed by rates in the Rate Schedule, the installation shall be done at the Company's unitized or actual costs for materials and labor employed in the installation, including overheads directly attributable to the work.

SECTION 8. CONSTRUCTION REQUIREMENTS

A. Restoration: In the event that the Company or its agents shall disturb any pavement, street surfaces, sidewalks, driveways, or other surface in the nature topography within the Municipality, the Company shall, at its sole expense, restore and replace such places or things so disturbed in as good a condition as existed prior to the commencement of said work.

B. Relocation: If at any time during the period of this consent, the Municipality shall alter or change the grade of any street, alley or other way or place the Company, upon reasonable notice by the Municipality, shall remove, re-lay, or relocate its equipment, at the expense of the Company.

C. Temporary Removal of Cables: The Company shall, upon request of the Municipality at the Company's expense, temporarily raise, lower, or remove its lines to facilitate the moving of buildings or machinery or in other like circumstances. Whenever the request is made by, for, or on behalf of private parties, the cost will be borne by those private parties.

D. Removal or Trimming of Trees: During the exercise of its rights and privileges under this franchise, the Company shall, upon thirty (30) days written notice to the Municipality and the written consent of the Municipality, have the authority to trim trees upon and overhanging streets, alleys, sidewalks or other public places of the Municipality so as to prevent the branches of such trees from coming in contact with the wires and cable of the Company. Such trimming shall be only to the extent necessary to maintain proper clearance of the Company's wire and cables.

SECTION 9. CUSTOMER SERVICE

In providing services to its customers, the Company shall comply with N.J.A.C. 14:18-1, *et seq.* and all applicable state and federal statutes and regulations, including, but not limited to technical standards for the transmission of television signals, transmission quality or facilities and equipment. The Company shall strive to meet or exceed all voluntary company and industry standards in the delivery of customer service and shall be prepared to report on it to the community upon written request of the Borough.

a. The Company shall continue to comply fully with all applicable state and federal statutes and regulations regarding credits for outages, the reporting of same to regulatory agencies and notification of same to customers. Every effort shall be made by SECTVH to repair service outages within six (6) hours of their being reported and the Company being permitted to undertake such repair. SECTVH shall reimburse each affected subscriber for the period of any outage as required by N.J.A.C. 14:18-3.5 and any other Board of Public Utility Rules requiring and/or prescribing the formula for outage credits.

b. The Company shall continue to fully comply with all applicable state and federal statutes and regulations regarding the availability of devices for the hearing impaired and the notification of same to customers.

- c. The Company shall use reasonable efforts to meet or exceed voluntary standards for telephone accessibility developed by the National Cable Television Association (NCTA) except as they may be modified by the Office.
- d. Nothing herein shall impair the right of any subscriber or the Municipality to express any comment with respect to telephone accessibility to the Complaint Officer or impair the right of the Complaint Officer to take any action that is permitted under law.
- e. SECTVH shall provide a toll-free telephone number for customer calls, said number to be included on all monthly bills. All equipment provided by SECTVH shall be serviced, repaired, or replaced by SECTVH through service calls made directly to the individual subscriber's location if required by the nature of the call or in another mutually agreed upon manner.
- f. SECTVH shall notify the Municipality or its designee at least thirty (30) days in advance of any proposed rate increase and shall publish all its rates for all subscriber services to each customer in the manner consistent with the requirements of the Office
- g. SECTVH shall give due consideration to programming preferences expressed by customers. Further, SECTVH shall provide subscribers in the Borough with at least the same broad categories of programming, in approximately the same quality, as are now provided and which appear in the Application.
- h. SECTVH will always endeavor to keep rates reasonably comparable to other area systems on a cost-per-channel basis, and the rates charged to the subscribers of Frenchtown Borough shall not be higher than the rates charged to any other subscriber of SECTVH within its other franchised municipalities.
- i. SECTVH shall provide reasonable notice informing subscribers of telephone numbers, addresses and procedures to keep them informed of all cable television services available from SECTVH.
- j. SECTVH shall comply with any state law or regulation and shall use its best efforts to comply with any guideline with respect to maintaining space for a statewide interconnect channel.

SECTION 10. MUNICIPAL COMPLAINT OFFICER

The Office of Cable Television is hereby designed as the Complaint Officer for the Municipality pursuant to N.J.S.A. 48:5A-26(b). All complaints shall be received and processed in accordance with N.J.A.C. 14:17-6.5. The Municipality shall have the right to request copies of records and reports pertaining to complaints by Borough customers from the OCTV.

SECTION 11. LOCAL OFFICE

A. During the term of this franchise, and any renewal thereof, the Company shall maintain a local business office or agent for the purpose of receiving, investigating, and resolving all complaints regarding the quality of service, equipment malfunctions and similar matters.

B. Such a local business office shall be open during normal business hours and in no event less than 9:00 a.m. to 5:00 p.m., Monday through Friday. Telephone responses for such purposes as mentioned herein will be provided by the Company's employees, representatives, or agents twenty-four (24) hours per day.

C. The telephone number and address of the local office shall be listed in applicable telephone directories and in correspondence from the Company to the customer. The telephone number for the local office shall utilize an exchange that is a non-toll call for Borough residents.

SECTION 12. PERFORMANCE BONDS

During the life of the franchise the Company shall give to the municipality a bond in the amount of twenty-five thousand (\$25,000.00) dollars. Such bond shall be to insure the faithful performance of all undertakings of the Company as represented in its application for municipal consent incorporated herein. The Municipality reserves the right by Resolution to require a reasonable increase in the amount of said bond, subject to review by the OCTV and approval by the Board.

SECTION 13. SUBSCRIBER RATES

The rates of the Company shall be subject to regulation as permitted by federal and state law. If applicable law is hereafter amended to permit the exercise of regulatory power over rates by municipalities, the Municipality reserves the right to exercise the maximum power permitted by law at such time said law becomes effective.

SECTION 14. PUBLIC, EDUCATIONAL AND GOVERNMENTAL ACCESS

The Company shall continue to provide the installation of (1) outlet and basic monthly service to public buildings within the Borough, including the Municipal Building at 29 Second Street, Police Department at 27 Second Street, Fire Department at 31 Second Street, Department of Public Works at 86 River Road, Sewer Department at 43 River Road, Park at 1 Creek Road, Frenchtown Borough Elementary School at 902 Harrison Street.

SECTION 15. ADDITIONAL COMMITMENTS BY THE COMPANY

A. SECTVH will maintain, at a minimum, the level of service currently provided.

B. SECTVH representatives shall appear upon reasonable written request of the Borough, at a public hearing of the Common Council to discuss matters pertaining to the provision of cable service to residents of the Borough and other related issues as the Borough and Company may see fit.

SECTION 16. EMERGENCY USES

A. The Company shall be required to fully comply with all applicable federal and state statutes and regulations rules and regulations governing the implementation, operation, and testing of the Emergency Alert System (“EAS”).

B. The Company shall in no way be held liable for any injury suffered by the municipality or any other person during an emergency, if for any reason the Municipality is unable to make full use of the cable television system as contemplated herein.

SECTION 17. LIABILITY INSURANCE

The Company shall always maintain a comprehensive general liability insurance policy with a single limit amount of \$1,000,000 covering liability for any death, personal injury, property damages or other liability arising out of its construction and operation of the cable television system, and an excess liability (or "umbrella") policy in the amount of \$3,000,000. The Municipality shall be named as an additional insured under said policy.

SECTION 18. REDUCED RATES FOR SENIOR CITIZENS

The Company has agreed to implement a senior citizen’s discount rate in the amount of 10% of the monthly Basic Cable Service rate to any person sixty-two (62) years of age or older who subscribes to cable services. Such subscribers must meet the income eligibility and residency requirements of the Pharmaceutical Assistance to Aged and Disabled pursuant to N.J.S.A. 30:4D-21. The Company has agreed to apply the same discount rate to the disabled with the same PAAD eligibility requirements.

SECTION 19. INCORPORATION OF THE APPLICATION

All the commitments and statements contained in the Application and any amendment thereto submitted in writing to the Municipality by the Company, except as modified herein, are binding upon the Company as terms and conditions of this Municipal Consent. The Application and any other relevant writings submitted by the Company shall be considered a part of this Ordinance and made a part hereof by reference if it does not conflict with state or federal law. All ordinances or parts of ordinances or other agreements between the Borough and the Company that conflict with the provisions of this Ordinance are hereby declared invalid and superseded.

SECTION 20. SEVERABILITY

If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court or federal or state agency of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent

II. Legal and Character Qualifications
(All applicants)

1. Has the applicant (including parent corporation or any principal) ever been convicted by any court or administrative agency of any felony, libel, slander, obscenity, invasion of privacy, lotteries or unfair methods of competition? ____ Yes X No.

If "Yes," attach a statement containing the background of the charge and the final resolution.

2. Has the applicant (including parent corporation or any principal) ever had any public licenses revoked or suspended by legal or administrative action by any governmental agency? Yes No. X

If "Yes," attach a statement containing the specifics.

3. Has the applicant (including parent corporation or any principal) ever been involved in any bankruptcy proceeding? ____ Yes X No.

If "Yes," attach a statement containing the specifics.

4. Has the applicant or any party to the application (including parent corporation or any principal) ever been convicted by a U.S. Federal Court concerning any violation relating to unlawful restraints and to any agreements in restraint of trade? ____ Yes X No.

If "Yes," attach a statement containing the specifics.

5. Are any of the above actions relating to the applicant (including parent corporation or any principal) currently pending? ____ Yes X No.

If "Yes," attach a statement containing the specifics.

6. Does the applicant, or any principal, directly or indirectly own, operate, control or have more than three percent interest in any of the following:

| | <u>YES</u> | <u>NO</u> |
|--|------------|----------------|
| a. A national broadcast television network | _____ | <u>X</u> _____ |
| b. Any broadcast television station (including VHF) | _____ | <u>X</u> _____ |
| c. Any newspaper published or distributed in the State of New Jersey | _____ | <u>X</u> _____ |
| d. A national broadcast radio network | _____ | <u>X</u> _____ |
| e. Any broadcast radio station (including FM) | _____ | <u>X</u> _____ |
| f. Any other media enterprise | _____ | <u>X</u> _____ |

For each affirmative response, attach a statement containing specifics including percentage of ownership.

7. Are there any outstanding unsatisfied judgments or decrees against the applicant or party to the application (including parent corporation or any principal)? ____ Yes X No.

If "Yes," attach a statement containing the specifics.

III. Cable Experience
(new applicants only)

1. List all cable television systems ever owned by applicant or any principal (or parent corporation or another subsidiary of parent) in which any of the former owned 3% or more of the equity interest.

Note: List the following information for each system.

- (a) Name of system, principal municipalities, address and telephone number of principal office, date of franchise(s), percentage of franchise area constructed, approximate number of subscribers and percentage of penetration as of the date of this application, and date of disposition, if applicable.

- (b) Has the applicant or any principal (or the parent corporation or any other subsidiary of the parent) ever had any equity interest in any cable television system, in the State of New Jersey, as defined by N.J.S.A. 48:5A-1 et seq.

Yes _____ No _____

If yes, explain:

IV.

System Design

1. Each applicant shall describe in narrative form the existing or contemplated system design concept indicating initial construction proposed and the development and extension of the system within the franchise boundaries over the period of the proposed municipal consent. Information should also be provided concerning:

- (a) Extent to which two-way capability will be available initially and what provisions will be made for future development.

Two-way internet capability is available as well as high-definition services, telephone, and Video on Demand in 100 % of households passed by the cable system.

- (b) Total signals to be carried and any auxiliary equipment to be provided to subscribers.

75 Lifeline, 76 Full Basic, and 41 digital tier, 39 premium, 3 ethnic premium, 4 pay-per-view, 185 high-definition channels. Digital and High-Definition converters are available for a monthly fee for those subscribers who wish to receive these services.

- (c) A description of the methods to be employed for securing premium services and the extent that subscribers will be required to use equipment supplied by the applicant to receive those services.

All premium services are digitally encrypted. Any customer wishing to subscribe to a premium service will require a digital converter in order to view these services.

- (d) In the case of a renewal, the extent to which the applicant will rebuild or upgrade the system, or extend plant into previously unserved areas. Provide estimated dates of commencement and completion. Indicate what will be replaced.

Enclosed as a Appendix A is a System Map which shows the location of our system plant. We will service any residential development with a minimum of 35 dwelling units as needed or requested in the future, without application of the line extension policy. Any individual requesting service will require a survey to determine cost of the extension or service. The line extension policy attached to this application will be used to determine cost sharing for such an extension of service.

2. Provide the following information concerning Standard or FM broadcast radio stations carried by applicant (If all-band FM, write "all-band").

| <u>Call letters and affiliation</u> | <u>City and State</u> | <u>Frequency broadcast</u> | <u>cable</u> |
|---|-----------------------|--------------------------------|--------------|
|---|-----------------------|--------------------------------|--------------|

No FM Carried

3. Provide information as to the number, cable channel designation, type of access channels and their manner of operation, including proposed date for commencement of services and channel sharing.

Channel sharing on Channel 263 accommodates our Leased Access Programming by video switcher. PEG access is also available on this shared channel as determined by sharing municipalities. The Town of Phillipsburg has access capabilities by fiber from our tower site at 1829 Savercool Avenue, Bethlehem, PA.

4. Each applicant shall title by category and list the following information concerning program origination;

| <u>Type</u> | <u>Proposed Inception</u> | <u>Cable Channel Designation</u> |
|-------------|-------------------------------|--------------------------------------|
|-------------|-------------------------------|--------------------------------------|

See Appendix B

5. Provide information, in narrative form, regarding production equipment and facilities to be made available by the applicant for its own use and for the use of others in the community. Describe by type (do not use brand names) and number, indicating when equipment will be available.

Note: Some production equipment may be made available for use by access channel users. See Guide to Franchise Renewal for further information.

Television production equipment for use by professional local origination personnel in coverage of community events:

1 – 6 camera remote TV production truck with 1- DVC PRO VTR, video switcher, intercom, audio production

1 – 2 camera live microwave truck with 2 – DVC PRO VTR’s and on-board generator

1 – single camera live microwave truck with on-board generator

1 – news edit suite, 2 – DVC PRO with video and audio editors, mixers

40 x 30 studio with 2 cameras, 2 – DVC PRO VTR’s, switcher, audio mixer, computer video editor, character generator

1 – eng camera set-up

6. Each applicant shall describe, in narrative form, any other services available to subscribers. Such description shall include, but not be limited to, the applicant's capability to contract with the community for such services as emergency override, interconnection of schools or local government offices, and availability of equipment and technical advice to the community.

Note: Provision of free services and equipment are limited by the F.C.C. and the Office. See Guide to Franchise Renewal for background information.

Receiving Site/Head End

If a renewal, indicate X existing; _____ proposed.

1. Tower:

- (a) Is F.A.A. approval required? Yes (X) No ()
- (b) Fill in the following or attach as an appendix a copy of F.A.A. application:
 - (1) Tower height above sea level 860 ft.
 - (2) Tower height above ground 315 ft.
 - (3) Type structure to be used Tower
 - (4) Lighting to be provided Aviation Beacons
 - (5) Latitude 40 35 55 Longitude 75 25 12

2. Signal survey. (optional for renewal applicants)

- (a) Note: The Office will not accept a computer survey by itself. An actual site survey including signal levels and viewing of television pictures, with remarks on what was observed is required.
- (b) Date: _____
- (c) Test antenna(s) _____
 (manufacturer) (type)
- (d) Test Equipment: _____
- (e) Fill in the following:

| <u>Off-Air Channel</u> | <u>Call Letters</u> | <u>City</u> | <u>Signal reading in Micro-Volts</u> | <u>Remarks</u> |
|------------------------|---------------------|-------------|--|----------------|
|------------------------|---------------------|-------------|--|----------------|

System Plant Miles miles
 For a renewal indicate: X existing _____ proposed. .06__

1. Fill in the following:
 (If construction is complete
 provide completed mileage
 figures.)

Aerial _____ Underground

(a) Trunk _____ .538 _____

(b) Distribution 6.95 miles _____ .77__ miles

(c) Mileage determined by the following method:
 Miles determined by Bentley Communications mapping system report

2. Rate of annual construction (in terms of total primary service area).
 (New systems, rebuilds and extensions)

| | | <u>miles of plant</u> | | | <u>% of Primary Service Area</u> |
|-----------------------|-----------------------|-----------------------|--------------|---------------------|----------------------------------|
| | | <u>supertrunk</u> | <u>trunk</u> | <u>distribution</u> | |
| 1 st year: | aerial underground | | | | |
| 2 nd year: | aerial underground | | | | |
| 3 rd year: | aerial underground | | | | |
| 4 th year: | aerial underground | | | | |
| 5 th year: | aerial underground | | | | |

3. Attach as an appendix a technical description of proposed system including: equipment to be used; use of standby power supplies; utility bonding methods; and the overall capabilities of the system.
4. Attach as an appendix a map of the entire municipality with borders designating the following:

(the scale shall be approximately 1000 feet/1/2 inch or larger)

- (a) Head end.
- (b) Hubs if any.
- (c) Super trunk and amplifier locations.
- (d) Trunk route and amplifier locations.
- (e) All streets which are to receive service; designating aerial and underground separately.
- (f) Phases of construction.
- (g) All streets which will be served under a "Line Extension Policy."

Note: The map(s) must show inter-municipal connections.

5. Cable.

| | <u>Diameter</u> | <u>Type</u> |
|--|--------------------|-------------|
| (a) Super trunk | None | |
| (b) Trunk | .860 Quantum Reach | .750 Coax |
| (c) Distribution | .715 Quantum Reach | .500 Coax |
| (d) House drops | RG6 and RG11 | |
| (e) If cable is not jacketed, what tests were made to determine that there were no corrosive properties in the atmosphere? | | |

6. Equipment.

| | <u>Manufacturer</u> | <u>Model</u> |
|-----------------|----------------------|--------------|
| (a) Super trunk | None | |
| (b) Trunk | Motorola NODE MB-860 | |
| (c) Bridger | Motorola Amp MB-860 | |

7. Grounding.

Will your system be grounded and bonded in accordance with the applicable provisions of the National Electric Safety Code (NESC) and National Electric Code (NEC)?
 (X) Yes () No

8. Is fiber optic technology in use or proposed? (X)Yes ()No. If yes, please explain.

Fiber from main tower to hub site at 108 Anderson Street in Phillipsburg, NJ. EDFA from main tower in Bethlehem, PA to Phillipsburg hub and repeated to fiber nodes.

VI. System Design Standards

1. For 134 channels downstream and 0 channels upstream.

2. System spacing.

- (a) Super trunk None
- (b) Trunk 22 dbmv
- (c) Distribution 20 dbmv

3. Maximum cascade from head end 2 amps from node

- (a) Line extenders in cascade 1
- (b) Ratio A.G.C. to M.G.C. 1 to 1 Slope 12 dbmv

4. System signal level at subscriber's terminal. (maximum cascade)

- (a) At highest frequency video carrier 0 db min 12 db max
- (b) At channel 2 video carrier 0 db min
- (c) Channel 2 video carrier will be within 11 db. of highest video carrier frequency.

5. Within the passband, the theoretical system design performance will be equal to or better than:

| | <u>Super Trunk</u> | <u>Trunk Distribution</u> | <u>Total System</u> |
|--|-----------------------------|---------------------------|---------------------|
| (a) Video carrier to noise ratio | <u> </u> | <u>48</u> | <u>47.1</u> |
| (b) Carrier to cross modulation ratio | <u> </u> | <u>-56.5</u> | <u>-54.3</u> |
| (c) Carrier to hum ratio | <u> </u> | <u>1%</u> | <u>1%</u> |
| (d) Carrier to second order beat ratio | <u> </u> | <u>-55.6</u> | <u>-54.3</u> |
| (e) Carrier to third order beat ratio | <u> </u> | <u>-56.6</u> | <u>-54.8</u> |
| (f) gain to frequency response across any 6 MHZ TV channel | <u> </u> | <u>+/- 2 db</u> | <u>+/- 2 db</u> |

(g) Signal levels will not vary more than indicated as measured at any automatic gain or slope control location with maximum trunk amplifiers in cascade for 40 degree change in temperature from last balanced temperature 6 db.

(h) From Channel 2 to maximum usable channel as measured across 75 ohms all cable will exhibit a minimum structural loss of 5.6 RG-6 db.

(i) R.F. Leakage

(1) Will your system meet or exceed the F.C.C regulations limiting R.F. energy leakage permitted by CAT systems as set forth by F.C.C. Rules and Regulations, 47 CFR 76.1 et seq.? (X) Yes () No

(j) (1) Are converters to be used? (X) Yes () No

(2) If yes _____
_ Type _____ Mfg. _____
Motorola/Pace DC50X, DC700X, DCH200, DCH6200, DCH4616, DCT2000, DCT2400, DCT2500, DCT6200, DCT700, RNG100, RNG110, RNG150, RNG200, TDC757X, TDC779XTDC787X, DT60X, DC50X, DCX525, DCX3501, DCX3601, DCX3601M, TiVO MG2, Tivo M14

(k) Premium service security method: Motorola Digicypher QAM 64, QAM 256

(l) (1) Amplifier power source 60 vac.

(2) Is standby power to be used? Yes (X) No ()

(3) If yes, where? All fiber nodes and various locations.

VIII.

Line Extension Policy

If applicable, attach as an appendix a copy of the proposed line extension policy. Be sure to provide a homes per mile figure for use with the line extension policy.

Note: The Cable Television Act requires the applicant agree to cable the entirety of the franchise area. The applicant is not required, however, do so under all circumstances or at its own cost. The primary service area is the section of the community the cable television company will provide service to residents at standard and non-standard installation rates and charges. Sections outside the primary service area may be governed by a line extension policy delineating the terms and conditions by which service will be provided. Primary service areas and any area the cable television company will provide service pursuant to a line extension policy must be designated on the map filed in accordance with § VI. System Plant.

The applicant adopts the line extension policy promulgated by the Office of Cable Television as attached.

See Appendix C

[THIS PAGE IS INTENTIONALLY BLANK]

IX.

Rates

(all applicants; renewal applicants should indicate if information contained herein differs from current rates)

1. Provide the following information with reference to rates for service: See Appendix D
 - (a) Residential
 - (1) Installation
 - (a) Definition of Standard Installation and nonstandard installation:
 - (b) Rate for Standard Installation: plus tax:
 - (c) Rate for Non-Standard Installation:
 - (2) Monthly service – include basic, premium and packages or tiers.
 - (3) Rental charges for any required ancillary equipment
 - (4) Other
 - (b) Hotel, motel, rooming house
 - (1) Installation
 - (2) Monthly Service Charges
 - (3) Rental charges for any required ancillary equipment
 - (4) Other
 - (5) If rates are set by contract, list general terms and conditions which would be applicable to potential customers.

Section revised: October 23, 2006 (remove section (a); remaining sections renumbered)

- (c) Commercial Enterprise
 - (1) Installation
 - (2) Monthly service charges
 - (3) Rental charges for any ancillary equipment
 - (4) Other - include restrictions on premium services

- (d) Apartment, condominium, cooperative, multiple unit dwelling
 - (1) Installation
 - (2) Monthly service charges
 - (3) Rental charges for any required ancillary equipment
 - (4) Other

(2) List and describe all advertising rates.

(3) List and describe all leased channel rates.

(4) List and describe all equipment and personnel charges.

(5) Do any of the above rates and/or terms and conditions of service differ from the existing ones? Yes () No ()

If yes, please explain.

Section revised October 23, 2006 (remove section (a); remaining sections renumbered)

X.

Financing Not Applicable

(New applicants; renewal applicants must complete only if rebuild and/or upgrade is planned or if areas of the original territory are not yet built).

1. Estimate the capital requirements for construction of the proposed system including but not limited to estimates as to the transmission system and distribution and drop cable, office equipment, studio equipment, vehicles, telephone and power pole make ready, converter costs, administrative and technical personnel, wages and bonuses.

| | | | | | |
|----------------------|---|---|--------------|---|---|
| | | | <u>Years</u> | | |
| Pre-operating Period | 1 | 2 | 3 | 4 | 5 |

2. Describe the sources of funds to be provided.

| | | | | | |
|----------------------|---|---|--------------|---|---|
| | | | <u>Years</u> | | |
| Pre-operating Period | 1 | 2 | 3 | 4 | 5 |

3. Estimate the annual revenues anticipated from system operation and operating expenses and working capital needed in excess of that required for construction.

| | | | | | |
|----------------------|---|---|--------------|---|---|
| | | | <u>Years</u> | | |
| Pre-operating Period | 1 | 2 | 3 | 4 | 5 |

4. The following financial data and supporting schedules will be required for both the individual municipality and for the applicant's overall financial status (including commitments in other municipalities designating each municipality separately for each respective municipality covered in projections);
 - a. Statements of personal net worth of the stockholders owning or controlling 3% or more of the voting stock or any equivalent voting interest of the applicant corporation or individuals if other than a corporation.
 - b. Current financial statement of applicant (balance sheet, profit and loss statements, statement of cash flows).
 - c. Pro forma estimate of balance sheet, projecting the pre-operating period and the first five (5) years.
 - d. Pro forma estimate of profit and loss statement, projecting the pre-operating period and the first five (5) years, in detail;
 1. Indicate categories of projected revenues (see "3" above).
 2. Indicate categories of projected expenses (see "3" above).
 - e. Submit schedules indicating pertinent subscriber data for periods similar to "c" and "d" above;
 1. Homes passed.
 2. Where applicable, anticipated subscribers at the beginning and ending of each respective year and corresponding penetration estimates for:
 - (i) Cable television reception service.
 - (ii) Cable communications system (i.e. pay cable)
 - (iii) Seasonal subscribers
 - (iv) Other; second outlet, reconnections, etc., (designate).

- f. Revenue by category (see "4d").
- g. Pro forma estimate of source and application of funds, projecting for the pre-operating period and the first five (5) years (see "2" above).
- h. Schedule showing assumptions used (i.e. costs per mile, converter costs, make-ready cost, expense ratio, projected penetration, revenue charge, etc.).
- i. Pro forma estimate of capital expenditures, projecting for the pre-operating period and the first five (5) years. Indicate depreciation life expectancy of each category of plant, equipment and the method of depreciation used. (Please note that this total is to correspond with balance sheet figure).

All information which does not fit in the space provided should be attached as appendices.

XI. Financial Terms and Conditions – Not Applicable

- 1. Provide, as appendices, written evidence of commitments from person who will provide funds including parent and subsidiary companies, together with detailed terms and conditions of those commitments, any obligation which may affect the operation of the system, and submit current financial statements as to present status of cable operator together with current financial statements of parent, subsidiary companies and/or other financial interests, if applicable. Provide audited financial or an explanation of why they are unavailable.
- 2. Provide, as appendices, copies of all agreements, contracts and leases pertaining to the construction and operation of the proposed system.

Note For each document attached in accordance with XII above, as part of the Appendix entitled Financing, include the following:

For item 1:

- 1. Source of financing.
- 2. Terms of financing (payment, interest rates, etc.).
- 3. Amount of financing.
- 4. How funds are to be utilized.
- 5. Type of funds (equity, intercompany debt, third party financing, cash flow, etc.).

For item 2:

- 1. Parties to agreement.
- 2. Term of agreement.
- 3. Date of agreement.

-
- 3. Furnish all other pertinent financial data affecting either present or future operations, and/or plant construction as well as other services to be rendered or contemplated which could affect the proposed system.

XII. Bonding and Insurance

1. Provide complete information, as to the type and amounts of insurance, applicant will have as of franchise date. . **Present bond and insurance will continue.**
2. Indicate the amount of performance bond applicant will have as of franchise date. \$25,000.00

Note: Insurance and bonding requirements are established by law. See Guide to Franchise Renewal and N.J.S.A. 48:5A-28 for further information.

XIII. Liability

The applicant holds the municipality harmless from any liability arising out of the company's operation and construction of its cable television systems.

XIV. Special Requirements for Proposed Overbuilds

All applicants proposing to overbuild an existing cable television system are requested to supply information on the following:

1. Construction of the System. Describe any anticipated additional construction problems associated with an overbuild; include costs, make-ready, service to underground areas and MDU's and steps to be taken to avoid unreasonable disruption of service. Provide specific data indicating how make-ready estimates were determined.

2. Financing. Describe any anticipated additional costs and the basis for revenue projections, including anticipated penetration, associated with an overbuild.

3. A description of any other operating or attempted cable television overbuilds or dual builds by the applicant.

STANDARD TERMS AND CONDITIONS

1. Adoption of Regulations of Office of Cable Television

The Regulations of the Office of Cable Television, Board of Public Utilities, State of New Jersey, are hereby adopted by reference thereto and are incorporated herein as though fully set forth, except that those provisions of the Regulations which are preempted by Federal Regulations are specifically excluded and not adopted.

2. Ownership of Facilities

All facilities and equipment, including but not limited to amplifiers, converters, digital tuners, junction boxes, cable and wire, furnished by the company appurtenant to the provision of cable television service remains the property of the company and are furnished subject to the following conditions:

A. Such facilities and equipment shall be reasonably used by the subscriber and shall be returned to the Company upon demand or at the termination of service in good condition, fair wear and tear excepted.

B. Subscriber provided equipment and facilities are not authorized to be connected to Company facilities except in accordance with Section 3 hereafter.

C. Subscribers shall not connect, rearrange, disconnect or remove appurtenant equipment provided by the Company except upon the written consent of the Company.

3. Subscriber Provided Facilities

Subscriber provided equipment may be connected to the facilities of the Company only in accordance with the following provisions:

A. Such subscriber provided equipment shall not cause any interference with the provision of service to other subscribers; damage in any way the facilities of the Company; or enable the subscriber to avail himself of services provided by the Company without paying therefore. Cable wire must meet minimum Company, OCTV and/or FCC signal leakage standards, as applicable.

B. No subscriber provided equipment may be connected to the Company's facilities without the specific prior written approval of the Company. Such approval shall not be unreasonably withheld.

C. The granting of approval for the connection of subscriber provided equipment does not constitute any representation on the part of the Company regarding the compatibility of such equipment with the Company's facilities. The Company shall not be responsible to the subscriber for damages arising out of mistake, improper design, improper use or any other cause, to the facilities of the subscriber so attached. Approval by the Company does not constitute any release to the subscriber for damages which may occur to the Company's facilities by reason of the connection of such subscriber provided facilities.

D. Any use of the Company's facilities not reasonably contemplated shall be permitted only with the written consent of the Company.

E. Maintenance service of subscriber provided facilities, including television receivers, is the responsibility of the subscriber. The Company does not provide such service, nor shall it bear the costs of such service.

F. Subscriber provided equipment shall not cause signal leakage beyond FCC limits. Subscriber shall be responsible for any such leakage.

4. Maintenance of Facilities

The Company will maintain its facilities at its own cost where such maintenance is required by fair wear and tear. Where maintenance service is occasioned by the abuse of the subscriber, a charge may be made for the cost of such maintenance service.

5. Liability of Service Electric Cable T.V. of Hunterdon, Inc.

The Liability of the Company resulting from interruptions of service shall in no way exceed the amount equivalent to the proportionate charge to the subscriber for the period of time when such service shall be unavailable, as a result of failure of company equipment or the amount required by law to be refunded to the subscriber. Credit shall not be given for acts of God, utility company failure to provide power, vehicle accidents, etc. The Company shall not be liable for damages for any accident or any injury occasioned by its facilities when such accident or injury is not due to the negligence of the Company.

6. Trip Charge in Lieu of Disconnect

A subscriber that is to be disconnected may avoid disconnection and reconnection charges by paying a trip charge fee prior to disconnect along with any outstanding balances that are due.

7. Late Payment Charge

A late charge of 1-1/2% will be added to amount in arrears over 30 days.

In any case, the company shall extend its plant along public rights of way to:

1. All residences and businesses within 300 aerial feet of the operator's existing plant at no cost beyond the normal installation rate.
2. All residences and businesses with 300 underground feet of the operator's plant at no cost beyond the normal installation rate.

- The minimum HPM that the company actually constructs in the system or municipality is the minimum number of homes which the company has historically constructed at its own cost. This is a function of the operator's break-even point and its rate of return. Unbuilt systems will use the primary service area rather than construction.

The operator's installation policies shall apply to construction beyond the public right of way.

Detailed accounting and/or financial information to support the minimum HPM shall be supplied to the Office for its approval in such form as required. The minimum HPM shall be updated as appropriate.

When a request for service is received, and unless good cause is shown, cable companies shall:

1. Provide a written estimate within 30 days of such request.
2. Begin construction within 60 days of receipt of any deposit monies from potential subscribers.
3. Complete construction within 6 months of receipt of deposit monies from potential subscribers.
4. Inform each home passed along the extension of the potential costs for subscribers.

Subscribers who pay for an extension shall be entitled to rebates in the following manner:

1. If the company acquires new subscribers subsequent to the initial calculation of step five above, the formula will be adjusted and those who have previously paid for the extension will be entitled to an appropriate rebate. In no event shall the amount of the rebate exceed the subscriber's contribution.
2. The company shall keep accurate records of the cost of the extension, the amounts paid by subscribers and any appropriate adjustments.
3. The company shall notify subscribers in the extension of the rights and responsibilities concerning the extension.
4. Once an individual dwelling has paid its share of the extension cost future reconnections or installations shall be made at the company's standard rates.
5. After a period of five years from the installation of the first dwelling unit in the extension no further adjustments shall be made. Installations after five years shall be at the company's standard rate.
6. Once a subscriber is installed, that person shall not normally be entitled to a refund of any monies paid for the installations, except in accordance with the rebate procedure outlined in this policy.

Definitions

PRIMARY SERVICE AREA

The primary service area (PSA) can be entire municipality but in many instances with PSA is a limited area within a community outside of which a line extension policy may apply. The PSA is depicted by a franchise map and narrative, presented and recorded during the franchise proceedings. It normally remains a fixed geographic area throughout the life of the franchise.

LINE EXTENSTION SURVEY

Potential subscribers residing outside the PSA who request service are entitled to an estimate of their share of the cost to secure service. When conducting a survey and estimating costs a cable company should factor in all potential subscribers who could practicably be included in the extension and give consideration to apparent residential construction in areas contiguous to the proposed extension.
