**RE: Confidentiality Claim and Substantiation of Confidentiality
In The Matter Of The Community Solar Energy Program
Docket No. QO22030153**

Dear Records Custodian,

In accordance with N.J.A.C. 14:1-12.1 et seq. of the New Jersey Board of Public Utilities' ("Board") regulations, attached please find a "Confidentiality Claim and Substantiation of Confidentiality ("Confidentiality Claim") on behalf of Solar Landscape ("SL"), in connection with the above-referenced matter.

The Confidentiality Claim seeks confidential treatment of certain portions of the Comments and supporting Exhibits herein submitted on behalf of Solar Landscape in connection with BPU Docket No. QO22030153 and the information contained therein (collectively, the "Confidential Material") included with the Confidentiality Claim.

We are submitting electronically to the Board Secretary a confidential copy of the Confidential Material, being electronically submitted to Board Staff under a cover letter dated

this same day. Both the confidential and preliminary public versions are electronically submitted under this transmittal letter in accordance with the procedures set forth in N.J.A.C. 14:1-12.3.¹

Kindly acknowledge receipt of the electronic submission via email. Should you have any questions, please contact the undersigned.

Sincerely,

A handwritten signature in black ink that reads "Grace Power". The signature is written in a cursive, flowing style.

**RE: In The Matter Of The Community Solar Energy Program
Docket No. QO22030153**

Introduction

Solar Landscape respectfully submits these comments regarding the one-year review of the Community Solar Energy Program (CSEP). Based in Asbury Park, New Jersey, Solar Landscape (SL) is a vertically integrated solar company specializing in community solar projects on commercial and industrial rooftops. We develop, design, construct, own, operate, and subscribe these projects. Our company proudly owns and operates the largest portfolio of community solar projects serving low- and moderate-income (LMI) households in the United States, the majority of which are in New Jersey.

We commend the Murphy Administration and the Board of Public Utilities (the Board) for their leadership in advancing New Jersey’s clean energy future. The state’s commitment to achieving 100% clean energy by 2035 is vital to addressing the climate and energy crises, creating sustainable jobs, and building a clean energy workforce.
